District Profile- Yadadri Bhuvanagiri

About District:

Yadadri Bhuvanagiri district, carved out of the erstwhile Nalgonda district in 2016, is a fast-developing region in the state of Telangana. With its headquarters at Bhongir, the district is strategically located close to Hyderabad along the Hyderabad–Warangal National Highway, making it an emerging hub for trade, industries, and logistics. It is renowned for the famous Yadadri Lakshmi Narasimha Swamy Temple, a major pilgrimage destination, and the historic Bhongir Fort which reflects the district's cultural heritage. The region has a balanced mix of agriculture, small-scale industries, and growing urban centers, while its proximity to the capital city boosts opportunities for economic and educational development.

Landscape:

Topography & Terrain:

Location & Area: Yadadri Bhuvanagiri district, with its headquarters at Bhongir, is situated in the central part of Telangana and lies about 50 kilometers from Hyderabad, making it an important part of the Hyderabad Metropolitan growth zone. The district is bounded by Siddipet and Jangaon districts in the north, Nalgonda in the south, Suryapet in the east, and Medchal–Malkajgiri in the west with an area of around 2,500–2,600 square kilometers,

Elevation: Yadadri Bhuvanagiri district lies on the Deccan Plateau with an average elevation ranging from 400 to 500 meters (1,300–1,600 feet) above sea level.

Terrain: The terrain of Yadadri Bhuvanagiri district is typical of the Deccan Plateau, featuring a mix of rocky uplands, rolling plains, and scattered hill formations. The uplands are dotted with boulders and scrub vegetation, while the low-lying plains are fertile and support agriculture.

Water Bodies:

The district has a combination of rivers, lakes (cheruvus), and irrigation tanks that support agriculture and domestic needs.

Rivers:

The Musi River, a tributary of the Krishna, is the most important river flowing through the district, nourishing fertile plains and supporting irrigation.

Small seasonal streams join the Musi, creating minor valleys and replenishing tanks.

Lakes and Tanks (Cheruvus):

The district is dotted with traditional village tanks and ponds, which act as crucial sources of irrigation and groundwater recharge.

Important tanks include those near Bhongir, Aler, and Choutuppal, which supply water for agriculture and fisheries.

Reservoirs & Irrigation Sources:

Medium irrigation projects and check dams built along the Musi and its tributaries improve water availability.

Groundwater through borewells and wells is also widely used for farming in areas where tanks are insufficient.

Drinking Water:

Mission Bhagiratha pipelines supply drinking water across towns and villages, supplemented by local tanks.

Population (Census 2011 – latest official district-level data):

Total: 770,833

Male: 390,492

Female: 380,341

Rural Population: ~ 81% (agriculture-based communities dominate)

Urban Population: ~ 19% (mainly in Bhongir, Choutuppal, Aler towns)

Literacy rate (Census 2011 – latest official district data):

Overall Literacy Rate: 65.24%

Male Literacy Rate: 75.51%

Female Literacy Rate: 54.76%

Gender Gap: About 20%, showing that women's education lags behind men in the district. Rural vs. Urban Literacy: Literacy levels are higher in towns like Bhongir, Aler, and Choutuppal, while rural mandals have lower rates.

Weather and Climatology:

Climate & Rainfall

- **Climate Type:** Yadadri Bhuvanagiri has a hot semi-arid climate, marked by scorching summers, monsoon-dependent rains, and mild winters. Agriculture and daily life in the district are closely tied to monsoon rainfall. Summers are long and hot, while winters are short and mild.
- **Seasons:**
 - **Summer (March–June)**

Very hot and dry.

Temperatures often range from 35°C to 44°C, with peak heat in May.

Hot winds (locally called loo) blow during afternoons.

- **Southwest Monsoon (June–September)**

Main rainy season.

Average annual rainfall: 750–850 mm, mostly from monsoon showers.

Rains are uneven but crucial for agriculture (paddy, cotton, maize).

- **Post-Monsoon (October–November)**

Moderate temperatures, occasional showers.

Fields appear green due to standing crops.

- **Winter (December–February)**

Pleasant and cool.

Temperatures range between 15°C and 28°C.

Lowest temperatures in January, but frost is rare.

Rainfall:

Average Annual Rainfall: About 750–850 mm.

Languages Spoken: Urdu, Hindi, Telugu and English.

Cultural Identity:

Yadadri Bhuvanagiri has a rich cultural heritage that reflects the traditions, festivals, temples, and lifestyle of Telangana. The district's cultural identity is shaped by its historical landmarks, religious practices, and folk arts.

Religious Significance:

The district is famous for the Yadadri Lakshmi Narasimha Swamy Temple, a major pilgrimage site attracting devotees from across the state and country. Temples and religious festivals play a central role in the social and cultural life of the people.

Historical Heritage:

Bhongir Fort, built by the Western Chalukyas, stands as a symbol of the district's historical and architectural significance. Local folklore, legends, and traditional storytelling often revolve around these historic sites.

Traditions & Festivals:

Festivals:

Major festivals like Ugadi, Sankranti, Bonalu, Bathukamma, and temple fairs are celebrated with enthusiasm. Rath Yatra and annual Brahmotsavams at Yadadri attract large crowds, reinforcing communal bonds and cultural identity.

Arts and Crafts:

Folk dances such as Perini Thandavam and traditional music performances are part of cultural festivities. Handicrafts and local weaving reflect rural artistic traditions.

Food & Cuisine:

Traditional Telangana cuisine, including dishes like Sakinalu, Pachi Pulusu, and Jonna Rotte, reflects local tastes and agricultural produce.

Lifestyle

The lifestyle of people in Yadadri Bhuvanagiri district blends traditional and modern influences. In rural areas, most people are engaged in agriculture, following farming cycles and village customs. Festivals, temple activities, and social gatherings play an important role in daily life. In towns like Bhongir and Choutuppal, modern education, healthcare, and small industries shape daily routines. Overall, the district reflects a mix of traditional Telangana culture and evolving urban lifestyle.

Tourism:

Yadadri Bhuvanagiri district is known for its religious, historical, and cultural tourism. The famous Yadadri Lakshmi Narasimha Swamy Temple attracts thousands of pilgrims every year. Bhongir Fort is a historic landmark popular with history lovers and trekkers. Scenic hills, rural landscapes, and local festivals add to the district's charm, making it a vibrant destination for both spiritual and cultural tourism.

Yadadri Bhuvanagiri Economic profile

Economic Output & Per Capita Income

Gross District Domestic Product at Current Prices for Telangana's Districts (2022-23 FRE): In FY 2022–23, Yadadri Bhuvanagiri district contributed approximately ₹0.26 lakh crore to Telangana's economy.

Per-Capita Income (PCI) at Current Prices for Telangana's Districts (2022-23 FRE): As of 2022–23, Yadadri Bhuvanagiri had a PCI of around ₹2,67,605.

Employment in the Major Sectors of the Economy:

Occupational Categories (Census 2011)

- Cultivators: 67,500
- Agricultural labourers: 1,57,672

- Household industries: ~17,038
- Other workers (services, trade, IT, industries): ~1,31,864
- % of worker population:48.53%

Agriculture:

Yadadri Bhuvanagiri district in Telangana is primarily an agrarian region, with agriculture serving as the main livelihood for its rural population. The district's agricultural profile reflects a blend of traditional practices and modern interventions aimed at enhancing productivity and sustainability.

Major Crops (Source: Directorate of Economics & Statistics, Govt. of Telangana; Census 2011 Agriculture Tables):

Major Crops

Rice: The predominant crop, cultivated extensively across the district.

Maize: A significant crop, with a cultivation area of 712,981 hectares.

Jowar: Cultivated over 83,401 hectares.

Horticulture:(https://www.nabard.org/auth/writereaddata/tender/0601223402Yadadri-Bhuvanagiri.pdf?utm_source)

Horticulture is heralded as the sector that provides tremendous scope for improving economic condition of the farmers ensuring higher returns both in quantitative and value terms. Horticultural production in the country has shown a compounded annual growth rate of 6.44% during the last ten years. Yadadri district has an area of 19918.05 acres under horticulture crops.

The major horticulture crops are mango, acid lime, sweet orange and other vegetables.

S.No	Category	Area in acres	Production (MTS)
1	Fruits	14,433.00	70952.00
2	Vegetables	5053.40	51218.62
3	Vegetables	242.32	572.86
4	Flowers-cut flowers lakh	48.67	172.712
5	Flowers-loose flowers lakh		

Animal Husbandry (Source: Department of Animal Husbandry, Govt. of Telangana - District Profile):

Yadadri Bhuvanagiri district in Telangana has a vibrant animal husbandry sector that significantly contributes to the rural economy. The district's Animal Husbandry Department focuses on improving livestock productivity, enhancing veterinary services, and promoting sustainable practices among farmers.

Livestock Population – Ranga Reddy District (2019 Census)

Livestock Type	Nos in Lakhs
----------------	--------------

Livestock Type	Nos in Lakhs
Cattle	1.10
Buffaloes	1.69
Sheep	7.16
Goats	1.60
Pigs	0.03
Others	0.01
Total Livestock	10.64
Poultry	45.41

Sericulture:

Silk Production: The district is known for producing both mulberry and non-mulberry (tussar) silk. Mulberry sericulture involves the cultivation of silkworms fed on mulberry leaves, while non-mulberry sericulture includes the rearing of silkworms on other host plants.

Ikat Weaving: Pochampally, a village in Yadadri Bhuvanagiri, is renowned for its handwoven Ikat saris. The village's traditional weaving techniques have earned it recognition as one of the best tourism villages by the United Nations World Tourism Organisation (UNWTO)

Fisheries:

Fisheries in Yadadri Bhuvanagiri district, Telangana, play a vital role in the rural economy, providing livelihoods to many families and contributing to the state's fish production.

Aquaculture Practices: The district has embraced semi-intensive pond aquaculture, with a study indicating the adoption of scientific fish farming practices among local farmers.

Fish Production: The district's fish production is supported by various water bodies, including lakes and ponds, though specific production figures are not readily available.

Minerals:

Yadadri Bhuvanagiri district in Telangana is endowed with a variety of mineral resources that contribute to its industrial and economic landscape. According to the Telangana State Department of Mines and Geology, the district is known for the following minerals: Quartz, Feldspar, Granite, Road Metal, Gravel, Morrum, Ordinary Earth

These minerals are primarily utilized in construction, ceramics, and other industrial applications.

Granite and Granitic Complex

(https://www.jetir.org/papers/JETIR2204231.pdf?utm_source)

The Yadagirigutta region within the district is part of a significant granitic terrain composed of granodiorite, granite, syenogranite, and syenites. These rocks are of Precambrian age and are crucial for understanding the geological history of the area. The granites are massive, forming tors, knolls, and conical mounds, and are valuable for construction and ornamental purposes.

Education:

The education sector in Yadadri Bhuvanagiri district is evolving with a focus on improving literacy rates, expanding school infrastructure, and enhancing educational outcomes. Continued efforts in these areas are expected to contribute to the overall development of the district.

Energy:

Electricity Distribution

Yadadri Thermal Power Plant (Yadadri TPP)

A 4,000 MW supercritical coal-fired thermal power plant, with five units of 800 MW each, is under advanced construction at Dameracherla in Nalgonda district, close to Yadadri Bhuvanagiri. The project is executed by Telangana Genco (TGGENCO) under BHEL's EPC contract. Completion and commissioning timelines (as of mid-2024 to early 2025): Units 1 & 2: Commissioned/synchronized by late 2024. Units 3–5: Expected operational from mid-2025 to early 2026.

Electricity Distribution Network:

Yadadri Bhuvanagiri falls under the jurisdiction of Telangana State Southern Power Distribution Company Limited (TS-SPDCL), which serves 15 districts, including this one.

Telecommunications:

Yadadri Bhuvanagiri district, strategically located near Hyderabad and along the Hyderabad–Warangal industrial corridor, is witnessing steady digital infrastructure growth that supports industrial and MSME development. The T-Fiber optical fiber backbone and BharatNet last-mile connectivity ensure reliable broadband access to industrial areas, enabling digital operations, e-commerce, and supply chain integration. Major telecom operators (Airtel, Jio, BSNL) provide enterprise broadband, leased lines, and mobile connectivity, which are critical for pharmaceutical units, logistics hubs, educational institutions, and agro-processing industries in the district. The upcoming Yadadri Thermal Power Plant and related industrial activities also demand robust telecom services for monitoring, automation, and smart grid integration. Additionally, Meeseva and CSC centers support digital compliance, registrations, and business services for MSMEs, while the rollout of 5G networks is expected to boost IoT applications, smart manufacturing, and logistics efficiency, strengthening the district's industrial ecosystem.

Water Resources:

Yadadri Bhuvanagiri district relies on a mix of Krishna basin surface water (Nagarjuna Sagar canals, Musi river, tanks) and groundwater for its needs. Rapid growth of industrial corridors (Bhongir, Bibinagar, Choutuppal) has increased demand for assured water supply. Industrial water demand is largely met through treated surface water allocations and groundwater, with stricter monitoring in notified zones.

Logistics:

Yadadri Bhuvanagiri lies on the Hyderabad–Warangal industrial corridor, only ~50 km from Hyderabad, giving it direct access to one of India's largest metro markets. Its proximity to Hyderabad (Rajiv Gandhi International Airport, Shamshabad) and Hyderabad Outer Ring Road (ORR) enhances trade linkages.

Road Transport:

National Highways:

NH-163: Hyderabad – Warangal – Bhopalpatnam passes through Bhongir, facilitating cargo movement. NH-65 (nearby): Links Hyderabad to Vijayawada, supporting interstate trade.

State Highways & Rural Roads: Provide access to industrial zones, agricultural markets, and villages.

The district benefits from upgraded logistics infrastructure under TS-iPASS (Telangana State Industrial Policy), enabling faster movement of raw materials and finished goods.

Rail Transport:

Secunderabad–Kazipet railway line runs through the district (Bhongir, Bibinagar, Ramannapet stations). Bhongir station is an important stop for passenger and freight movement. Rail connectivity is crucial for cement, fertilizers, agricultural produce, and bulk commodities transport. The district has potential for logistics hubs and warehousing near Bibinagar and Bhongir due to railway proximity.

Air Transport:

Nearest airport: Rajiv Gandhi International Airport (Shamshabad, ~70 km). Begumpet Airport (Hyderabad) also serves as a hub for air cargo and corporate charter. Air connectivity facilitates high-value cargo, pharmaceuticals, and perishable goods export from the district.

Warehouses:

Bhongir and Choutuppal mandals host emerging industrial estates and MSME clusters. Presence of pharma, agro-processing, food & beverage, and light engineering units drives logistics demand. Potential for cold storage and agri-logistics to serve farmers (especially paddy, cotton, fruits, and vegetables). Telangana government is promoting logistics parks around Hyderabad (like Shamshabad, Batasingaram), which will indirectly benefit Yadadri Bhuvanagiri industries.

Yadadri Bhuvanagiri Industrial Scenario

Yadadri Bhuvanagiri district has multi-sector industrial potential driven by its agricultural strength, proximity to Hyderabad, strong connectivity (road, rail, airport), and upcoming mega projects like the Yadadri Thermal Power Plant and Yadadri Temple development. Key growth areas include agro & food processing, pharma & biotech, engineering & manufacturing, textiles & handlooms, logistics & warehousing, tourism-linked industries, and renewable energy

Sectors contributing to industrial growth:

1. **Agro & Food Processing:** Rice, maize, cotton, fruits, vegetables → milling, ginning, oil extraction, and cold storage.

2. **Pharmaceuticals & Biotech:** Proximity to Hyderabad pharma corridor enables spillover investments.
3. **Engineering & Fabrication:** MSMEs in machinery, metal works, fabrication for construction and power projects.
4. **Textiles & Handlooms:** Traditional weaving and textile-based MSMEs.
5. **Energy & Construction Materials:** Cement, bricks, power plant auxiliaries, and allied industries.
6. **Tourism-linked Enterprises:** Yadadri Temple development has created demand for hospitality, food, and allied industries.

Startup & Innovation Ecosystem

Startups in Yadadri Bhuvanagiri can leverage mentorship, funding, and incubation programs from Hyderabad while operating in lower-cost locations within the district. Yadadri Bhuvanagiri has high startup and innovation potential because of its agriculture base, proximity to Hyderabad's global startup ecosystem, growing industrial corridors, educational institutions, and tourism boom. Priority areas for startups include Agri-Tech, Food Processing, Renewable Energy, Healthcare/Biotech, Tourism, EdTech, and Rural Innovation.

Yadadri Bhuvanagiri Industries Profile

Yadadri Bhuvanagiri district, strategically located near Hyderabad with strong road and rail connectivity, has diverse industrial potential in agro-food processing, pharmaceuticals, engineering, textiles, logistics, tourism, and renewable energy. Supported by TSIIC industrial estates, TS-iPASS clearances, and upcoming projects like the Yadadri Thermal Power Plant and temple development, the district is fast emerging as a multi-sector MSME and industrial hub complementing Hyderabad's growth.

The industrial profile of Yadadri Bhuvanagiri district is dominated by textiles (3,657 units) and wearing apparel (805 units), together accounting for over one-third of the total industries, highlighting the district's strong handloom and textile base. Food processing (2,445 units) forms the next major sector, reflecting the rich agricultural economy and scope for rice mills, dairy, poultry, cold chains, and packaged foods. Other notable sectors include construction-related industries (980 units combined), non-metallic mineral products (309 units), machinery and fabricated metal products (413 units), and other manufacturing (707 units), indicating a diverse MSME presence. Smaller but important segments such as chemicals, pharmaceuticals, rubber and plastics, waste management, and energy-related units show emerging growth potential, especially with proximity to Hyderabad's Pharma City and the upcoming Yadadri Thermal Power Plant. Overall, the district has a textile- and agro-based industrial core, complemented by construction, engineering, and emerging pharma and energy industries, positioning it as a multi-sector MSME hub with strong future potential.

		Total	15598

The service sector profile of Yadadri Bhuvanagiri district is highly diversified, with other personal service activities (4,422 units) and food and beverage services (2,496 units) forming the largest segments, reflecting strong demand from urban growth and tourism linked to the Yadadri temple. Transport and logistics services also play a major role, with land transport (1,902 units), warehousing (701 units), and rental and leasing (944 units) highlighting the district's connectivity and growing logistics potential. Professional and technical services such as real estate (363 units), other professional/scientific activities (386 units), and architecture/engineering (72 units) are emerging, while financial and related activities (around 392 units combined) indicate a modest but developing financial services base. Social and community-linked services, including education (131 units), health (246 units), veterinary services (286 units), and residential care (165 units), further strengthen the district's support ecosystem. Overall, the data shows that Yadadri Bhuvanagiri has a service sector dominated by personal services, hospitality, logistics, and transport, with strong potential in tourism, real estate, professional services, and healthcare to complement its industrial growth.

Yadadri Bhuvanagiri Export Profile

Yadadri Bhuvanagiri district has **strong export potential in agro-products, food processing, textiles, handlooms, pharmaceuticals, chemicals, engineering goods, and mineral-based products**, supported by its proximity to Hyderabad's international airport, pharma clusters, and logistics hubs. With value addition, branding, and cluster-based development, the district can position itself as an **export-driven MSME hub**, especially in **textiles, food processing, and pharma**, while tourism and handicrafts provide additional indirect export avenues.

Export Potential Products of the District:

1. Agro & Food Processing Exports

- Strong agricultural base with paddy, maize, cotton, fruits, vegetables, dairy, and poultry.
- Potential exports: rice, maize, cotton lint, maize starch, fruit pulp, mangoes, dairy products, poultry feed, and spices.
- Development of agro-processing clusters, cold chains, and packaging units can boost exports to Gulf and Southeast Asian markets.

2. Textiles & Handlooms

- District has the largest concentration of textile units (3,657 units) in Telangana's industrial data.
- Scope for exports of cotton yarn, grey cloth, handloom sarees, garments, and made-ups.
- Global demand for eco-friendly, handwoven, and organic textiles can benefit artisans and MSMEs.

3. Pharmaceuticals & Chemicals

- Proximity to Hyderabad Pharma City & Genome Valley provides opportunities for pharmaceutical formulations, APIs (bulk drugs), and chemical products.
- Potential to supply generic medicines, bulk drugs, and intermediates to Africa, Latin America, and Asian markets.

4. **Engineering & Mineral-Based Products**

- With fabricated metal products, machinery units, and quarry-based industries, the district can export engineering components, construction materials (granite, stone), fabricated metal parts, and cement products.
- Demand for quarry stones and processed minerals exists in Middle East construction markets.

5. **Tourism & Hospitality Exports (Indirect)**

- The Yadadri Lakshmi Narasimha Swamy Temple attracts millions of domestic and international devotees.
- Indirect export potential through handicrafts, temple souvenirs, processed foods, and hospitality services, creating a niche global market.

6. **Emerging Sectors**

- Renewable energy equipment (solar panels, components) and plastics/rubber products have export opportunities.
- IT-enabled services (ITES, digital solutions, rural BPOs) can provide service exports linked to Hyderabad's IT hub.

One District One Product (ODOP):

After in depth deliberations and discussions, the **One District One Product (ODOP)** identified for Yadadri Bhuvanagiri District is **Handloom Ikkat Products**.

Yadadri Bhuvanagiri's handloom sector has high potential due to its strong weaving tradition, large base of textile units, and supportive state policies. With modern design inputs, cluster-based development, digital marketing, and export facilitation, the district can transform its handloom industry into a sustainable growth engine, providing livelihoods to artisans while contributing to Telangana's textile exports.

Pochampally – The Silk City of India (Yadadri Bhuvanagiri District)

- Pochampally, located in Yadadri Bhuvanagiri district, is world-famous for its Ikat weaving technique, locally known as "Pochampally Ikat."
- It is often called the "Silk City of India", and its sarees and fabrics are known for their unique tie-and-dye designs, vibrant colors, and geometric patterns.
- In 2004, Pochampally Ikat received the Geographical Indication (GI) tag, making it one of India's most globally recognized textile crafts.
- The village is part of the UNESCO World Heritage tentative list (2021) under the category of iconic weaving clusters, highlighting its cultural and economic importance.
- Thousands of weaver families are engaged in this craft, sustaining a rich artisan economy and contributing significantly to the district's handloom exports.

- Pochampally products have both domestic and international markets, with growing demand in US, Europe, and Japan for eco-friendly, handmade fabrics.
- Supported by Telangana's handloom policies, cooperative societies, and design interventions, Pochampally is a symbol of heritage, skill, and export potential for Yadadri Bhuvanagiri.
