District Profile-Medchal Malkajgiri

About District:

Medchal–Malkajgiri is one of the 33 districts of Telangana, formed in October 2016 after the reorganization of districts. With its headquarters at Medchal, the district is part of the Hyderabad Metropolitan Region and is the most urbanized district in the state. Medchal–Malkajgiri stands as a dynamic district, contributing significantly to the industrial, educational, and service economy of Telangana, while also shaping the suburban expansion of Hyderabad.

Landscape:

Topography & Terrain:

Location & Area: Medchal–Malkajgiri is part of the Deccan Plateau region, with typical undulating terrain and rocky landscapes. The land surface is generally flat to gently sloping, interspersed with low hills, ridges, and rock outcrops.

Elevation: The district lies at an average elevation of ~500–600 meters above mean sea level (MSL), providing a moderate plateau climate.

Terrain: The district has a predominantly undulating terrain with rocky uplands and flat plains, featuring granite outcrops, scattered hillocks, and gently sloping plains.

Water Bodies:

Medchal–Malkajgiri, though highly urbanized, has a network of lakes, tanks, and reservoirs that play a vital role in drinking water supply, irrigation, groundwater recharge, and ecology. Most of these water bodies are part of the Musi River sub-basin **of** the Krishna River system.

Major Lakes & Reservoirs:

Shamirpet Lake (Pedda Cheruvu)- One of the largest and most famous lakes built during the Nizam's reign, spreads over ~900 acres. Source of drinking water and a popular eco-tourism spot with adjoining Shamirpet Deer Park.

Kapra Lake (Oora Cheruvu)- Located in Kapra mandal. Historically used for irrigation and now a key water body in Hyderabad's northeastern suburbs.

Safilguda Lake (Mini Tank Bund)- Situated near Malkajgiri. Developed into a recreational spot similar to Hussain Sagar's Tank Bund.

Keesara Lake-Supports irrigation and local needs in Keesara mandal.

Dammaiguda Lake, Kowkur Lake, Cherlapally Lake- Smaller lakes important for groundwater recharge and local agriculture.

Drainage System:

The Musi River and its tributaries form the main drainage network. Numerous tanks and kuntas (small ponds) act as traditional water harvesting structures. Seasonal streams originate from rocky uplands and feed into lakes before merging with the Musi.

Population (Census 2011 – latest official district-level data):

Total: 24,60,095

Male: 12,56,883

Female: 12,03,212

Rural Population: ~8.6%

Urban Population: ~91.4%

Literacy rate (Census 2011 – latest official district data):

Overall Literacy Rate: 82.49%

Male Literacy Rate: 87.43%

Female Literacy Rate: 77.31%

Weather and Climatology:**Climate & Rainfall**

Climate Type: The district has a tropical wet and dry climate (savanna type), typical of the Deccan Plateau. Summers are hot and dry, monsoons bring most of the rainfall, and winters are mild and pleasant.

Seasons:

Summer: Hot & dry (March–June)

Temperature (March–June): Max: 38°C – 42°C; Min: 25°C – 28°C

May is the hottest month.

Southwest Monsoon: Rainy & humid (July–September)

Max: 28°C – 32°C; Min: 20°C – 24°C

Humidity increases significantly.

Post-Monsoon: Moderate rains & mild weather (October–November)

Winter: Cool & dry (December–February)

Temperature (November–February):Max: 25°C – 30°C; Min: 12°C – 18°C

December & January are the coolest months.

Rainfall:

Average annual rainfall: ~800–900 mm.

Southwest monsoon (June–September) contributes ~70–75% of the rainfall.

Northeast monsoon (October–November) provides additional showers.

Rainfall is uneven, with northern mandals (Shamirpet, Medchal) receiving slightly more than urban belts (Malkajgiri, Uppal).

Languages Spoken: Urdu, Hindi, Telugu and English.

Cultural Identity:

The cultural identity of Medchal–Malkajgiri is a fusion of Telangana’s rural folk traditions and Hyderabad’s cosmopolitan heritage. With Bathukamma and Bonalu symbolizing Telangana pride, Hyderabad cuisine and Urdu culture reflecting urban roots, and sites like Keesaragutta and Shamirpet preserving heritage, the district stands as a vibrant cultural mosaic blending the old and the new.

Traditions & Festivals:

Bathukamma & Bonalu – celebrated widely, showcasing Telangana’s folk identity. Ganesh Chaturthi, Diwali, Holi – major Hindu festivals celebrated vibrantly in urban colonies. Ramzan & Eid – significant in Muslim-majority localities, with influence from Hyderabad’s Nawabi culture. Christmas & New Year – observed by Christian communities, especially in Secunderabad Cantonment.

Food & Cuisine:

Strong influence of Hyderabad cuisine – biryani, haleem, kebabs, Irani chai. Telangana traditional foods like Sajja Rotte, Sarva Pindi, Jonna Rotte, Pachi Pulusu are still common in village households. Street food culture thrives in Malkajgiri, Uppal, and Kukatpally.

Lifestyle

The lifestyle of Medchal–Malkajgiri district is a fusion of Telangana’s cultural traditions and Hyderabad’s cosmopolitan urban character. While rural mandals maintain agriculture-based, community-centered living, the majority urban population enjoys a modern, tech-driven lifestyle with access to global culture, education, and healthcare.

Tourism:

Tourism in Medchal–Malkajgiri district revolves around heritage temples (Keesaragutta), natural lakes (Shamirpet), wildlife (Deer Park), and urban recreation (Shilparamam, lakeside parks). The district’s blend of culture, nature, and modern leisure makes it a unique destination for both pilgrims and urban tourists.

Medchal Malkajgiri Economic profile

Economic Output & Per Capita Income

Gross District Domestic Product at Current Prices for Telangana’s Districts (2022-23 FRE): In FY 2022–23, Medchal Malkajgiri district contributed approximately ₹88,867 crore to Telangana’s economy positioning itself as the third largest contributor after Rangareddy and Hyderabad districts.

Per-Capita Income (PCI) at Current Prices for Telangana’s Districts (2022-23 FRE): As of 2022–23), Medchal Malkajgiri district had a PCI of around ₹2,95,514 is among the more affluent districts of Telangana, though still below Rangareddy and Hyderabad.

Employment in the Major Sectors of the Economy:

Medchal–Malkajgiri district’s workforce is characterized by a strong tilt toward industrial and service sectors, especially: High factory-based employment across manufacturing domains. Robust job creation in real estate and IT, reflecting its urbanization and proximity to Hyderabad. Minimal dependence on agriculture, even within its rural segments.

Sectoral Employment Structure (Telangana Socio-economic outlook 2024)

- Main Workers (total 32,563):
- Cultivators: 26,675
- Agricultural Labourers: 44,980
- Household Industry Workers: 38,872
- Other Workers (services, industry, urban jobs): 8,54,205
- % of Working population- 39.22 %

Industrial & Manufacturing Employment:

The district hosts over 1 lakh people employed in factories—in the manufacturing and industrial segment—positioning it among the top districts in Telangana for factory employment.

Key industrial sectors include: Bulk drugs, pharmaceuticals, engineering, construction, and automobile manufacturing

Major public institutions like Nuclear Fuel Complex, ECIL, HAL, CCMB, NGRI, and BEL are significant local employers

Agriculture:

Agriculture remains a small but vital activity, predominantly in the district's rural fringes, serving proximity to Hyderabad's urban market. The emphasis is on paddy, maize, vegetables, and horticultural cultivation, with viable water sources coming mostly from groundwater and minor irrigation schemes. Heavy reliance on borewells and modest rainfall stress the importance of sustainable water practices.

Land and Cultivation (Source: <https://medchal-malkajgiri.telangana.gov.in/agriculture>):

Total Agricultural Land: Approximately 70,000 acres (as per Revenue Department records)

Net Cultivated Area: Around 26,807 acres, which is a relatively small portion of the total, reflecting the district's high level of urbanization

Major Crops:

Distribution of cultivated area: Paddy: 47%, Maize: 11%, Fodder: 6%, Red Gram: 3%, Cotton: 2%, Other Food Crops: 30%

Soils: The district predominantly features: Red Soil: ~70%, Black Soil: ~30%

Horticulture (Source: <https://medchal-malkajgiri.telangana.gov.in/agriculture>):

- Total net cropped area: 10,643 hectares
- Horticultural cultivation: 4,115.25 hectares across mandals, broken down into:

Fruits: 1,433 ha, Vegetables: 2,626.2 ha, Spices: 31 ha, Open flowers: 16.8 ha, Polyhouse (flowers): 8.25 ha

Animal Husbandry (Source: Department of Animal Husbandry, Govt. of Telangana – District Profile):

The district has a massive poultry sector, which appears to command the lion's share of animal husbandry activity. Institutional outreach is robust with multiple veterinary centers and active community-level workers. The district performs strongly across all core livestock services—reproduction, disease prevention, fodder development, and scheme delivery—often exceeding targets. Being ranked 1st in the FMD vaccination drive reflects strong organizational and outreach capacity.

Livestock Population – Medchal Malkajgiri District (2019 Census)

Livestock Type	Nos in Lakhs

Livestock Type	Nos in Lakhs
Cattle	0.27
Buffaloes	0.60
Sheep	1.49
Goats	0.40
Pigs	0.02
Others	0.00
Total Livestock	2.79
Poultry	39.58

Fisheries:

The fisheries sector in Medchal–Malkajgiri is primarily focused on freshwater aquaculture, with a significant number of water bodies dedicated to fish rearing. The active involvement of cooperative societies and the support from government initiatives play a crucial role in the development and sustainability of the fisheries sector. With an estimated fish production of 1,325 metric tonnes in 2016–17, the district contributes to the state's overall aquaculture output.

Minerals

(Source:

<https://mines.telangana.gov.in/MinesAndGeology/Views/MineralsinTelangana.aspx>

The district's mineral profile includes:

Road Metal: Crushed stone used extensively in road construction.

Block Granite: High-quality granite blocks suitable for building and decorative purposes.

Quartz: Used in various industrial applications, including glass manufacturing.

Feldspar: Important for the ceramics and glass industries.

Ordinary Earth: Utilized in construction and other general applications.

Morrum: A type of gravel used in construction and road making.

Gravel: Commonly used in concrete production and road construction.

Road Metal: Crushed stone used extensively in road construction.

The district's mineral resources are pivotal for the construction and infrastructure sectors. Active mining and quarrying operations contribute to the local economy and employment. Regulatory oversight ensures sustainable and compliant extraction practices.

Education:

Medchal-Malkajgiri district in Telangana boasts a dynamic and rapidly developing education landscape, characterized by a significant urban population, a strong preference for private schooling, and a growing infrastructure to meet the educational needs of its residents. With 91.40% of its population residing in urban areas, Medchal-Malkajgiri is the second most urbanized district in Telangana, following Hyderabad. This urban concentration influences the demand for educational services and infrastructure.

Energy:

Medchal-Malkajgiri district in Telangana is experiencing rapid urbanization and industrial growth, leading to increased energy demands. Here's an overview of the district's energy infrastructure and initiatives:

Electricity Distribution

Service Provider: The Telangana Southern Power Distribution Company Limited (TSSPDCL) is responsible for electricity distribution in Medchal-Malkajgiri district.

Operational Structure: The Habsiguda Circle of TSSPDCL oversees the district, encompassing 3 Operation Divisions, 8 Operation Sub-Divisions, and 26 Operation Sections across 7 mandals.

Renewable Energy Initiatives

Solar Power Projects: The Telangana State Renewable Energy Development Corporation (TSREDCO) has initiated the installation of on-grid rooftop solar photovoltaic (SPV) power plants in the district. For instance, a 100 kW capacity SPV power plant is being set up at the Integrated District Office Complex in Shamirpet.

Telecommunications:

Medchal-Malkajgiri district's advanced telecommunications infrastructure plays a crucial role in supporting its industrial growth and urban development. Reliable mobile networks from operators like Airtel, Jio, Vi, and BSNL, along with high-speed broadband from providers such as ACT Fibernet and Excitel, ensure seamless communication, data transfer, and digital operations for industries, IT hubs, and commercial establishments. Industrial parks, including the TSIIC Industrial Park in Shamirpet and IT centers like Gateway IT Park in Kandlakoya, benefit from this connectivity for automation, remote monitoring, and

coordination with clients and suppliers. Robust telecom services not only enhance operational efficiency but also attract IT/ITeS, manufacturing, and service-sector investments, making telecommunications a backbone for the district's industrial ecosystem.

Water Resources:

Medchal-Malkajgiri district in Telangana faces significant challenges in balancing industrial development with sustainable water resource management. The district's groundwater levels have been declining steadily, with areas like Malkajgiri recording a drop from 18.78 meters in March 2025 to 25.02 meters in April 2025. This depletion is attributed to factors such as excessive borewell extraction, over-exploitation of groundwater, and encroachment on natural water bodies. Consequently, many regions are drawing water at rates exceeding sustainable limits, leading to increased reliance on water tankers and highlighting the urgency for effective water management strategies. Industries in the district, including those in Genome Valley and the proposed Gateway IT Park, are heavily dependent on water for various operations. The over-extraction of groundwater to meet industrial demands exacerbates the existing water scarcity issues, posing risks to both industrial operations and the community's water supply.

Logistics:

Medchal-Malkajgiri District in Telangana is rapidly emerging as a logistics and warehousing hub, due to its strategic location, robust infrastructure, and proximity to Hyderabad. Here's an overview of its logistics profile:

Road Transport:

The district is well-connected via major national highways—NH 44, NH 65, and NH 163—and state highways, facilitating seamless movement of goods.

Rail Transport & Metro:

The upcoming Medchal Metro expansion and the Multi-Modal Transport System (MMTS) will further enhance accessibility, making it attractive for logistics and IT park development.

Industrial & Warehousing Infrastructure

TSIIC Industrial Estate: Located in Medchal, this estate offers state-of-the-art infrastructure, including well-maintained roads and reliable power supply, attracting various industries.

Logistics Parks: The Mangalpally Logistics Park, developed on 40 acres at a cost of ₹40 crore, is operational and developed through collaboration between HMDA and Ancon Group.

Medchal Malkajgiri Industrial Scenario

Medchal-Malkajgiri District in Telangana has evolved into a significant industrial hub, driven by strategic infrastructure, government initiatives, and its proximity to Hyderabad. The district boasts 32 industrial estates, industrial parks, and Special Economic Zones (SEZs), encompassing over 3,700 acres with approximately 3,446 plots occupied, reflecting robust industrial activity

Sectors contributing to industrial growth:

1. **Manufacturing:** The manufacturing sector is a cornerstone of the district's industrial base, encompassing a diverse range of industries, including general engineering, precision components, and consumer goods.
2. **Pharmaceuticals & Life Sciences:** Medchal-Malkajgiri is a prominent center for the pharmaceutical industry, with numerous units engaged in the production of bulk drugs and formulations. The establishment of the TSIIC Industrial Park in Turkapally has further bolstered the biotechnology and life sciences sectors.
3. **Information Technology (IT):** The district is home to several IT parks and software development centers, fostering growth in the IT and IT-enabled services sectors.
4. **Textiles and Apparel:** The textile industry in the district is thriving, with numerous units engaged in the production of garments and textiles, contributing significantly to employment and exports.
5. **Food Processing:** The food processing sector is expanding, with facilities focusing on the processing of fruits, vegetables, and other agricultural products, adding value to the region's agricultural output.
6. **Construction and Real Estate:** The rapid industrialization has spurred growth in the construction and real estate sectors, with increased demand for industrial and residential infrastructure.

Startup & Innovation Ecosystem

Medchal-Malkajgiri District in Telangana has emerged as a significant hub for startups and innovation, bolstered by strategic infrastructure, supportive policies, and a vibrant ecosystem.

Medchal Malkajgiri Industries Profile

The district's industrial landscape is diverse, encompassing manufacturing, pharmaceuticals and life sciences, IT and IT-enabled services, textiles and apparel, food processing, and construction and real estate. Strategic industrial zones like TSIIC Industrial Estates in Medchal, Moula Ali, and Turkapally, along with specialized parks such as the TSIIC BioTech Park, support this growth by providing modern infrastructure and connectivity.

		Total	74768

The industrial structure of Medchal–Malkajgiri District is highly diversified, with manufacturing emerging as the dominant sector. Key manufacturing sub-sectors include food products, wearing apparel, fabricated metal products, machinery and equipment, textiles, and other manufacturing, indicating a strong presence of both agro-based and engineering industries. Chemical, pharmaceutical, and rubber and plastics industries further strengthen the industrial base, while construction activities—including building construction, civil engineering, and specialized construction—contribute significantly to employment and infrastructure development. Support industries such as machinery repair, electrical equipment, and printing complement the manufacturing ecosystem, whereas mining, utilities, and waste management play a smaller role. Overall, the district exhibits a robust industrial profile that combines traditional sectors with modern, technology-driven industries, positioning it as a key hub for economic growth and industrial diversification in Telangana.

Exisitng Clusters in the District: Nil

Total No of MSMES exporting from Medchal Malkajgiri District:

S. No.	District Name	Micro	Small	Medium	Total
1	Medchal Malkajgiri	1445	496	70	2011

Medchal Malkajgiri Export Profile

Medchal–Malkajgiri District stands as Telangana's leading export hub, accounting for 25.8% of the state's merchandise exports in the fiscal year 2022–23, valued at approximately ₹25,444 crore. This significant contribution underscores the district's pivotal role in Telangana's export economy.

Export Potential Products of the District:

Pharmaceuticals and Life Sciences

The district is home to Genome Valley, a prominent biotechnology and pharmaceutical cluster. Medchal–Malkajgiri leads Telangana in pharmaceutical exports, with products like drug formulations and bulk drugs accounting for a significant portion of the state's exports.

Aerospace and Defence

Aerospace and defence manufacturing have become increasingly important, with exports of aircraft, spacecraft, and parts rising sharply. This sector has surpassed pharmaceuticals in export value during certain periods.

Garments and Textiles

The district has a robust garment manufacturing sector, contributing significantly to Telangana's textile exports. Companies like Shahi Exports Pvt Ltd are notable players in this industry.

Electronics and Electrical Equipment

Medchal–Malkajgiri exports a variety of electronic products and electrical equipment, including components for IT hardware and telecommunications.

Spices and Agricultural Products

The district exports various agricultural products, including spices, which are significant contributors to Telangana's export economy.

One District One Product (ODOP):

After in depth deliberations and discussions, the **One District One Product (ODOP)** identified for Medchal Malkajgiri District is **Pharmaceuticals & Biotech Products**.

Medchal–Malkajgiri District stands as a pivotal hub for pharmaceutical and biotechnology exports in Telangana, significantly contributing to the state's position as a national leader in the sector. In the fiscal year 2022–23, Medchal–Malkajgiri accounted for 25.8% of Telangana's merchandise exports, with pharmaceutical products, including bulk drugs and formulations, being key contributors. Notably, the district's exports encompass a wide range of pharmaceutical products, including those categorized under HS Code 30049099, highlighting its diverse pharmaceutical export portfolio. The district is home to Genome Valley, a 2,000-acre life sciences cluster that has become a cornerstone of India's pharmaceutical and biotechnology industries. Medchal–Malkajgiri District's robust infrastructure, strategic initiatives, and significant export contributions underscore its critical role in Telangana's pharmaceutical and biotechnology sectors. With ongoing investments and developments, the district is poised to further enhance its position as a global leader in pharmaceutical and biotech exports.
